

The image contains three technical drawings of a motor:

- Left View (Side View):** Shows the motor from the side. Dimensions include:
 - $\times$: Total height.
 - Y : Distance from the base to the center of the motor body.
 - $2F$: Distance between the base mounting feet.
 - B : Width of the base.
 - C : Total width of the motor.
 - BB : Distance from the front face to the center of the motor body.
 - AH : Distance from the center of the motor body to the center of the shaft.
 - ES : Distance from the front face to the center of the shaft.
 - AK : Distance from the front face to the center of the shaft.
 - BD : Total height of the motor.
 - BA : Distance from the base to the center of the motor body.
 - $N-W$: Distance from the base to the center of the motor body.
- Right View (Front View):** Shows the motor from the front. Dimensions include:
 - AB : Total width.
 - LS : Distance from the front face to the center of the motor body.
 - $4LS$: Distance from the front face to the center of the motor body.
 - P : Distance from the front face to the center of the motor body.
 - AJ : Distance from the front face to the center of the motor body.
 - BF : Distance from the front face to the center of the motor body.
 - AA : Distance from the front face to the center of the motor body.
 - $Taped$: Label indicating the motor is taped.
 - H : Distance from the front face to the center of the motor body.
 - $2E$: Distance between the base mounting feet.
 - A : Total width.
 - J : Distance from the front face to the center of the motor body.
 - G : Distance from the front face to the center of the motor body.
 - D : Distance from the front face to the center of the motor body.
 - O : Distance from the front face to the center of the motor body.
 - T : Distance from the front face to the center of the motor body.
- Detail View (Top View):** Shows the top of the motor. Dimensions include:
 - S : Distance from the front face to the center of the motor body.
 - R : Distance from the front face to the center of the motor body.
 - U : Distance from the front face to the center of the motor body.
